

# **State of Illinois Approved NIMS ICS Training Courses**

Revised 1/27/2014

When reviewing the following list of approved courses, please note that not all of the classes are still being offered. The classes remain on the list because at the time they were offered, they were approved for the particular level of ICS training they are listed under.

Currently, there are no NIMS compliance requirements mandating the completion of refresher training for any of the ICS levels; therefore, if a first responder has completed a class which is not currently offered, he/she can continue to use the class to demonstrate they have completed that particular level of ICS training.

If a jurisdiction chooses to use any classes that are not listed to document that their first responders have complied with ICS level 100, 200, 300 or 400, the jurisdiction is required to provide documentation that the classes comply with that particular level of ICS, in the event that an audit is conducted of their training records.

## **NIMS ICS Level 100**

### **FEMA Independent Study Program**

FEMA's Independent Study courses and FEMA's Virtual Campus courses are available online at <http://training.fema.gov/emiweb/is/crslist.asp>.

\* If an earlier version of this class has been completed, there is currently no NIMS-compliant requirement to complete the updated version to remain compliant at that ICS level.

\*\* CDP is currently scheduling ICS 300/400 courses thru the Northern Illinois Public Safety Academy (NIPSTA) in Cook County. The NIPSTA website is [www.NIPSTA.org](http://www.NIPSTA.org).

\*\*\* Courses are currently available thru the Illinois Fire Service Institute. Access the IFSI website at [www.fsi.uiuc.edu](http://www.fsi.uiuc.edu).
