Continuity of Government (COG) is the preservation, maintenance or reconstitution of constitutional authorities and responsibilities during times of crisis and/or throughout events that may affect the seat of constitutional government. The State of Illinois Continuity of Government (SOI-COG) plan defines the constitutional and statutory provisions related to continuity of government.
2. The SOI-COG does not address long-term reconstitution or devolution actions.

B. Scope

1. This annex addresses state government's continuation, resumption, and recovery from any incident, emergency, or disaster that threatens to obstruct the ability to carry out constitutional authorities and responsibilities in three specific areas: seat of government, lines of succession, and emergency powers.
2. This annex does not:
 - a) Address the building or agency specific emergency action plans or occupant emergency plans, nor agency specific Continuity of Operations Plans (COOP);
 - b) Consider long-term reconstitution or devolution actions, or
 - c) Supersede individual emergency plans specific to judicial, legislative, or executive offices, and/or enabling authorities for continuation of government outlined in the State of Illinois

Constitution or Illinois Compiled Statutes and Administrative Code.

C. Policy

1. Procedures for utilization, control and use will incorporate and/or consider operational priorities that include, but are not limited to, the protection of life, public health and safety, property protection, environmental protection, restoration of essential utilities, restoration of essential program functions and coordination as appropriate.
2. The governor or designee will authorize and direct the use of state resources to provide support and assistance to response and recovery efforts after consideration of both priority of need and cost.
3. State response and recovery personnel will be trained for assigned missions and, to the extent possible, made aware of potential risks involved.

D. Situation Overview

1. A catastrophic event or crisis situation has occurred resulting in the unavailability or loss of some elements of constitutional government.
2. Emergency authorities specified pursuant to the State of Illinois Constitution and/or Illinois Compiled Statutes are in-place.
3. Recognized officials are providing public information updates to reassure and inform citizens on the government's viability.

officer is unavailable, to exercise the powers and discharge the duties of an office until a successor is appointed or elected and qualified as may be provided by the constitution, statutes, charters and ordinances or until the lawful incumbent is able to resume the exercise of the powers and discharge the duties of the office.
